FRENCH: "Les meubles contenant des panneaux à base de bois (panneaux de particules, panneaux de fibres, contreplaqué...) peuvent émettre des substances polluantes dans l'air intérieur. Il est ainsi recommandé, après l'installation du meuble dans son logement, d'aérer fréquemment la pièce concernée pendant au moins quatre semaines afin de réduire son exposition aux polluants émis par le meuble."

SPANISH: Los muebles que contienen paneles a base de madera (Aglomerado, cartón, contrachapado ...) pueden emitir sustancias contaminantes en el aire. Por lo tanto, se recomienda airear frecuentemente los muebles al menos durante cuatro semanas después de su instalación para reducir su exposición a los contaminantes emitidos por los muebles.

ENGLISH: Furniture containing wood-based panels (Particle board, fibreboard, plywood ...) could emit pollutants on the air. Therefore, it is advisable to ventilate the furniture at least during four weeks after its assembly in order to reduce the exposure to the pollutants released by the furniture.
